

Allmand Boats ph 513-557-6936 4460 West Mitchel Ave. Cincinnati, Ohio 45232
web site: www.Allmandboats.com ***email: sales@allmandboats.com

Things to consider when ordering our Bahama Water Taxi boats. 35 px 33' x 11' or the 40 px 38' x 11, or the 49 px 42' x 14' hull is 50" depth, draft 10" (more when fully loaded), weight w/o engines with canopy and frames about 5800, canopy height 84", railing height 39", each hull about 42" wide, space from wet deck to top deck about 6"

1. Our water taxi boats are made in Cincinnati, Ohio then transported to destination with shipping additional.
2. Shipping over the road to Miami from Cincinnati will cost about \$5200.00.
3. The vessel will need some assembly at the destination or where it will be put into service. It is not practical to ship the vessel completely assembled. We make the hull ready for assembly by installing all equipment, then removing and packing for shipping. Anyone with rigging experience can perform the final assembly with average tools used in rigging jobs.
 - 4. The price for the NON C.O.I. 33' x 11' water taxi hull on the home page of www.bahamawatertaxi.com is priced at \$85,000.00; \$93,000.00 for 38' x 11'; \$149,000.00 for 42' x 14' plus power and rigging. Includes:
 - Railing and railing canvas, Bimini Top 15 feet long
 - Captain's chair
 - 70 gallon fuel tank (enough to run all day)
